20—Wilsden	... ..	Mr. C. Ambler, Well House, Wilsden.

## 50th ANNUAL REPORT.

**Presented at the Annual General Meeting of Subscribers, held at the Hospital on Tuesday, 20th February, 1940 at 7-30 p.m.**

The Committee of Management takes pleasure in presenting the Annual Report and Statement of Accounts for the year ended 31st December 1939.

It has been a memorable year in that it was the Jubilee Year of the Hospital, and also the one in which the Hospital Extensions were completed. The outbreak of War in September prevented the Committee from celebrating the Jubilee in a manner worthy of this important event in the history of the Hospital, but the completion of the Extensions, is of itself, a worthy achievement of commemoration.

The Extensions consist of a Nurses' Home adjacent to the Hospital building and a new Wing of two storeys joined to the old Hospital building. The first floor has accommodation for seven private patients and the upper floor is now the male section of the general hospital and has a bed capacity for 19 patients.

The Extensions were occupied in November, but the official opening did not take place until Saturday, January 13th, 1940, when Mr. Henry Ayrton, J.P. performed the opening ceremony.

We anticipate that the total cost of the Extensions will be £25,000; of this amount £20,000 has already been raised, leaving a deficit of £5,000.

### PATIENTS.

Under the Government Emergency Scheme the Hospital was almost cleared of patients at the beginning of September, and remained so for a period, consequently the number of patients who received treatment was less on that account. The following statistics give an indication of the work done during the year under review.

	1938	1939
In-Patients ... ..	628	567
Out-Patients ... ..	537	537
X-Ray Examinations ... ..	669	619
Major Operations ... ..	175	192
Minor Operations ... ..	89	45
Out-Patients' Operations ... ..	108	288
Out-Patients' Dressings ... ..	1,966	2,005
Average Number of Beds occupied		
per day ... ..	29.24	26.79
Patients Days ... ..	10,674	9,317

The carrying out of Extensions and structural alterations whilst maintaining Hospital services in the same building has been a formidable task, and we place on record our sincere thanks for and appreciation of the Medical, Nursing and Domestic Staffs for their loyalty and efficient service under these exceptional circumstances.

## FINANCE.

For a number of years we have been able to transfer an appreciable amount from revenue to extension account, but this year it has not been possible owing to the increased cost of foodstuffs, medical and surgical supplies, and also on account of necessary purchases of hospital equipment to be in readiness for use in the Extensions.

We are grateful for the continued support of both Subscribers and members of the Workpeople's and House to House Collection Schemes. We gladly record our indebtedness to employers for their co-operation in the Workpeople's Contributory Scheme, also to the Collectors for their willing and faithful service in the cause of the Hospital.

The Bingley Urban District Council has helped us magnificently in defraying the cost of rates, gas, coke and electricity; their Chief Officers have also helped us and placed their specialised knowledge and experience at our disposal, for which we tender our sincere thanks.

---

Immediately prior to the outbreak of the war, Drs. W. A. Lochhead and O. T. Wade were called to their units in the Territorial Army and are now serving as Medical Officers in the Army. We wish them every success and a safe return when hostilities are over.

## LIBRARY.

The Patients' Library, consisting of approximately 800 volumes, continues a useful and much appreciated service. Each Wednesday afternoon the Book Trolley is taken round the Wards and the patients are allowed choice of books, of which there is a wide range to suit all tastes. During the year 2,096 books were issued,—an average of 46 per week, this number would have been higher had it not been for temporary suspension owing to the exigencies of the alterations and the clearance of the Hospital owing to the War.

We are grateful to Miss Constance M. S. Bruce, the Hon. Librarian, who has devoted so much time to this adjunct of Hospital Service.

## THANKS.

To all, who, in whatever capacity have helped the Hospital to maintain its service to the community during the past year, we tender our grateful thanks; to Mr. & Mrs. Jonas Hanson for maintaining the Hanson Ward equipment, to members of the Bingley Rotary Club for organising the Egg Collection Week which resulted in 5315 eggs being collected for the Hospital; to Collectors of and Subscribers to the Linen Guild; to the Ladies' Committee; to the Press for valuable publicity; to Mr. Leonard S. Dyer for providing free Radio Sets; and to the Cinema Managers for helpful publicity.

## CONTRIBUTORY SCHEMES.

---

It has become increasingly recognised in recent years that an up-to-date Hospital is an indispensable institution in every community, and that to-day people avail themselves of Hospital services to a far greater extent than was the case even so recently as a decade ago.

To take Bingley Hospital alone as an example: In 1929 there were 463 patients admitted, whereas in 1939 the number was 567—an increase of 134 over that of ten years ago.

By this simple illustration two things are indicated:—

1. That people in this area are making greater use of Bingley Hospital than formerly.
2. That an adequate and constant source of income is required to maintain these services.

With regard to the former, no person knows when he or his dependents may require Hospital treatment, and when this occurs not a little of the anxiety is caused by the extra demands on income, or even the demands may remain but the income be temporarily withdrawn. The wise precaution therefore, would appear to be to ensure Hospital treatment if need arises, without undue financial strain. This can be done by joining either the Workpeople's Contributory or the House Collection Schemes. By so doing, people are not only assured of Hospital treatment for themselves and dependents, but also their regular subscriptions help to provide that constant source of income for the Hospital mentioned above.

Briefly, the Schemes are:—

### **1. Workpeople's Contributory Scheme.**

Almost all employers in the district co-operate in this Scheme, whereby their workpeople agree to have 2d. (if earning more than £1 per week) and 1d. (if earning less than £1 per week) deducted from their wages each week. These amounts are paid by the firm to the credit of the Hospital account at the Bank.

### **2. House Collection Scheme.**

The whole district is divided into areas, each with its own steward and group of collectors, the latter visit each house in their area once per quarter to receive member's subscriptions. Those people not in the Workpeople's Contributory Scheme may join the House Collection Scheme by the payment of 2s. 2d. per quarter if over 18 years of age and 1s. 1d. per quarter if under 18 years of age.

A married man who is a member of either of the above Schemes, is entitled to free Hospital treatment for himself, his wife, his children of school age or any other person wholly dependent upon him.

### **Privileges of Membership.**

1. Free in-patient Hospital Treatment.
2. Free out-patient treatment.
3. Free radium treatment.
4. Free X-Ray examination.
5. Free treatment at the Royal Eye and Ear Hospital, Bradford.
6. Free treatment at certain Hospitals where an arrangement for inter-change of vouchers is in force.
7. A reduction of 10% from Private Ward fees.

Contributors to the Workpeople's Scheme are not expected to contribute to the House Collection Scheme and vice versa.

## **Interchangeability of Vouchers.**

Vouchers are interchangeable between Bingley Hospital  
Keighley and District Victoria Hospital.  
Skipton and District Hospital.  
Bradford Royal Infirmary.  
Royal Eye and Ear Hospital, Bradford.

A person living in Bingley but employed in the area of any of the above Hospitals, who is a member of the Contributory Scheme operating in that area, can obtain a Voucher from the firm where he is employed, which will entitle him to free treatment at the Bingley Hospital.

Conversely, a person who works in Bingley and is a member of the Bingley Hospital Contributory Scheme can obtain a Voucher from his employer which will entitle him to the benefits of the Bingley Hospital Scheme at any of the above-mentioned Hospitals.

Further, a person employed in the Bingley Hospital area, who is a regular subscribing member of its Work-people's Contributory Scheme, though not residing in the area, is entitled to the benefits of the Bingley Hospital Scheme at the Hospital in the town where he resides.

## **When Hospital Treatment is Required.**

A Voucher must be duly completed, and forwarded to the Hospital **prior to admission**, except in cases of emergency, when the Voucher must be sent as early as possible after admission to Hospital.

Members of the Contributory Scheme can obtain Vouchers from their place of employment, and members of the House Collection Scheme can obtain Vouchers from the Steward of the area in which they reside.

Those who are not members of either of the above Schemes may obtain a "Recommend" from a Subscriber of One Guinea or more, or from the House Collection Steward of the area in which they reside. Patients admitted with "Recommends" are expected to contribute towards their cost of maintenance in Hospital, unless they are necessitous persons.

### **To Subscribers.**

The beneficent work of the Hospital could not be maintained but for the support of Public-Spirited Ladies and Gentlemen, who, though they themselves do not require its services, nevertheless subscribe towards its funds each year. Because of the increasing demands on the services of the Hospital we make this appeal for more subscribers. Modern methods demand modern equipment and appliances, which are often very expensive. The Committee desires to provide the best possible treatment. Please help in this good work by sending your subscription to the Hon. Treasurer at the Hospital.

---

### **PRIVATE PATIENT WARDS.**

Private Wards are available at the following charges:—

Single Ward ... £5-5-0 per week.

Double Ward ... £4-4-0                   ,,

A reduction of 10% is allowed to members of either of the Bingley Hospital Contributory Schemes.

The above charges include maintenance and ordinary nursing, but do not include expensive medicines, serums, stimulants, personal laundry, special nursing or X-Ray examinations.

Full particulars may be obtained from the Secretary at the Hospital.

# FORM OF BEQUEST

## TO

### Bingley Hospital.

---

I bequeath to the Bingley Hospital the sum of  
.....Pounds (free of legacy duty), for  
the general purposes of the said Hospital AND I declare
